Inter-University PhD in Educational Studies
Revised Doctoral Plan of Study Form

Student's Name _____ Year of Entry _____

Supervisor _____ Home Institution _____

PhD in Educational Studies Doctoral Program Requirements:

- 9001/8013 *Foundations of Educational Inquiry* - first summer, face-to-face, rotating sites, 0.5 units/3 credit hours
- 9002/8023 *Methodological Perspectives on Educational Research* - first summer, face-to-face, rotating sites, 0.5 units/3 credit hours
- 9003/8033 *Doctoral Seminar: Contemporary Educational Theory* - 0.5 units/3 credit hours over first Fall and Winter semesters, via e-learning platform
- 9004/8043 *Focused Educational Studies* - first Fall, via e-learning platform, 0.5 units/3 credit hours
- 9005/8053 *Advanced Research Seminar: Focus on Methods* - first Winter, via e-learning platform, 0.5 units/3 credit hours
- 9006/8063/9007/8073 *Special Topics* first fall and first winter, perhaps second summer, as required/elected, via e-learning platform
- 9008/8083/9009/8093 *Directed Study* - first fall and first winter, perhaps second summer, as required/elected, likely face-to-face
- 9010/8109 *Comprehensive Portfolio* - 1.5 units/9 credit hours started first summer and completed second summer (over 14 months, full-time), in consultation with Supervisor and Committee, face-to-face
- 9100/8990 *Dissertation (includes Proposal 899Z)* The second summer through to the third summer (12 months) is dedicated to preparing and defending the Proposal, face-to-face; then, within an additional three- to four-year time frame (extensions possible), students complete and defend their dissertation, face-to-face; 3 units/18 credit hours

Doctoral students accepted into the program received an *Initial Plan of Study Form* with their Letter of Intent. Following consultations with their Supervisor and/or committee members, all doctoral students filed a *Final Plan of Study Form*, identifying any Special Topics and Directed Studies required by the Inter-University Doctoral Administrative Committee (IDAC) in order to complete the degree. This *Revised Plan of Study Form* is used to identify any additional courses required for the degree, normally because (a) the doctoral student's research program markedly changed trajectory or (b) because it is deemed prudent to augment the student's program with previously unidentified methodology, theoretical or method courses pertinent to their research program. If these courses are required by the IDAC, there is no extra tuition fee.

Please specify the Special Topics or Directed Studies (or other courses) that are being required by the IDAC beyond those set out in the Initial and the Final Plans of Study.

This form also can be used to report that a course is being deferred or the presentation of the Proposal has been delayed (please specify anticipated presentation date).

Course Prefix/ Number	Course Title	Semester and Year
GEDU 9010/EDUC 8109	Chose to delay date of Portfolio Presentation. Please specify anticipated date.	

_____ _____

Supervisor **Date** **Doctoral Student** **Date**

_____

Chair of IDAC **Date**

All Plans of Study are kept on file in the Doctoral Program Office and at the Office of the Registrar of the home institution.
